Rental	\$3,773.60
Gift Shop	\$1,895.42
Total Deposit Assets	\$159,661.29

1. COUNCIL AGENDA /ISSUES/WORK UPDATES:

GARDEN- Charles Bryant AKA Tad.

Any Update on having French Drain put in to help with flooding on the left side of the Garden? Kids kicked in and broke two panels on the fence on the corner of the garden, will get a price to have them pay for damage, or do community service.

PARK- Monte Powell - BYO did not put down mulch that we paid \$2,389.84. I signed the completion document because I was told it was completed. I have requested a refund or for them to return to complete the project.

Still need to put up poles/chain on the drive-in area. Will we have it Locked so it can be unlocked for Luis and his crew?

COMMUNITY CENTER- Donita Bowen, How is the New Ice Maker? Door still not working properly, Can we get someone to check this??

ROADS AND APPEARANCE- David Evans, Stop sign sample done by David, Tad will help install.

2. OLD BUSINESS:

- Out of Compliance Tax returns/Audits. Bishop Associates has worked very hard with Ms. Sue and let the council know when it is complete. Year 2015 will have to be audited due to the amount spent. Sue any update on these?
- Water Tank needs to be cleaned out. Will have it cleaned next month hopefully.
- Dog ordinance, need to update, what are the things we want it to say?
- Movement cameras, cost is going to run us about \$100 plus the \$30 for a memory card. Thoughts, Do we want to install? or wait?
- Did we ever decide on a celebration of the 80th anniversary? Waiting COVID situation.
- Lark Builders came and measured the Pumphouse will get back to me with a price.

3. NEW BUSINESS:

- Tire swing wasn't able to be installed in the piped area. We need to extend the playground area, mostly for the safety of the children and to keep us legally protected.
- Mulch was supposed to be put down around the new equipment, I have contacted the Playground company and have not heard back from them. Monte please get some plastic caution tape, wrap around the tire swing so it is closed for use. Maybe use an orange barrel and place it on the concrete that is sticking out of the sand by the Swingset, wrap the caution tape around it and the end pole. The swings can stay open.
